SPACESAVER 180

ROOSTER CHAIN FEEDING SYSTEM

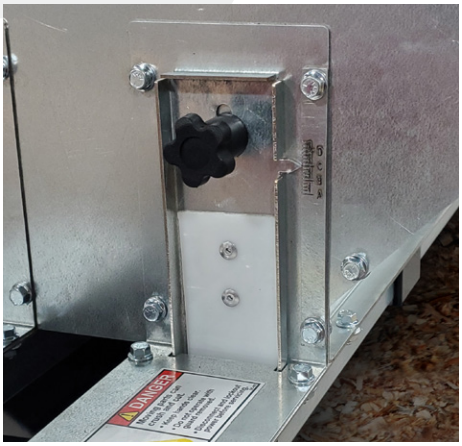
Cumberland *Raise your best.*

cumberlandpoultry.com

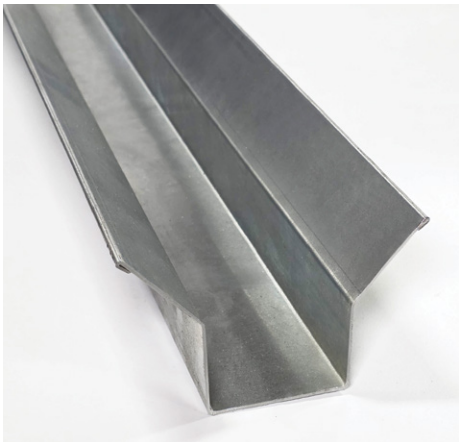
Unmatched Feed Presentation
ZERO COMPETITION

The Cumberland SpaceSaver 180 rooster chain feed system provides a consistent distribution of feed in a compact design. It's patent pending 180° corner and separated trough provide roosters with excellent feed presentation reducing stress and competition during feeding.

- **Separated Trough Design** – Prevents cross-trough competition, promoting calmer male feeding behavior
- **Indexed Feed Slide Gage** – Precision feed volume control with easy to read indexing
- **Narrow Trough and Chain** – Narrow trough and 1.6875" wide chain at 60 fpm ensure equal and complete distribution across the entire system
- **Two Fill Options** – Center fill up to 450 lb capacity and end fill up to 350 lb capacity
- **Anti-Roost Wires** - Replaces traditional grille to keep birds from roosting on the troughs



Indexed Feed Slide Gage
Precision feed volume control



Easy Feed Access
Troughs provide a competition free, low stress feeding space

180 Degree Corners*
Designed for low maintenance and high performance

***PATENT PENDING**
